

*Frohe  
Weihnachten  
und ein gutes  
weisses Jahr*

Dear Shelly!

We wish you a Merry Christmas from all our heart!

We would like to say thank you for the help and support you always offer to our daughter Christin.

We definitely know that without your great support Tine would not have adapted that easily in this totally new environment for her.

Once again a big thank you, recovering holidays and a healthy and successful New Year 2004!

Dearest, Tine's parents      Guette
